

PRESIDENT IN PRIVATE STUDY

Executive Busily Engaged
in Preparing Message
On Mexico.

PLANNING HIS REPLY.

Mr. Wilson Denies Himself to All
Callers Save Secretary of State
Bryan.

Washington, Aug. 22.—In the seclusion of his private study President Wilson spent the entire morning preparing his Mexican message to Congress. He denied himself to practically all callers except Secretary Bryan.

Preparatory to the actual work of writing the message, the President has been going through all the correspondence between this government and Mexico since negotiations between the countries reached an acute stage.

Before retiring last night he had practically mastered all the details of the correspondence, including the reports sent to him by John Lind, his personal representative in Mexico City, leading up to the formal reply of President Huerta, and had begun an analysis of this.

In making known that he would send, or read, this message to Congress next Monday, the President has apparently determined to appeal to public opinion as well as to Congress to back him up in the efforts he is making to restore order in Mexico without the disastrous loss of life which intervention would call for.

He is depending on the public of the United States, which, in his opinion, has never desired an armed invasion of Mexico, to give such expression of approval of his course as to impress the Mexican government and the Mexican people with the idea that behind suggestions from this country stands the sentiment of a united people.

President Huerta's reply to the U. S. note made no attempt to conceal the belief of the Mexican ruler that President Wilson is being opposed in his course by Congress and a large proportion of the American public. It has been suggested here that his "cordial expression to Mr. Lind since the reply was sent, and the fact that he has encouraged a continuation of the conference between the latter and Minister Gamboa, shows that he has already begun to realize that he was misinformed.

MURDER AND SUICIDE.

Block-Cutter, Maddened by Grief,
Commits Frightful Act.

Philadelphia, Pa., Aug. 22.—Maddened by grief over the death of a daughter and enraged at his wife's refusal to live with him in New York, Harry Campbell, a block-cutter, murdered her yesterday morning with a razor and then slew himself with the same weapon. A few days before the dual tragedy, Campbell made a vain attempt to persuade his wife to join him in a suicidal pact. Yesterday morning he entered a boarding house at No. 2128 Wharton street, where he had been living, and cut her throat. As she staggered from her bedroom mortally wounded, he turned the keen blade upon himself.

Campbell was 34 years old and his wife 30.

A strong earthquake occurred yesterday at Messina, Sicily. It was brief in duration, not more than four seconds, but caused a great panic among the populace, who ran out of the wooden huts where they have lodged since the earthquake in 1908.

NEWS OF THE DAY.

Taking Andy Varbowski, aged 12, for an Indian invading their camp, a band of boys at Pittsburg, Pa., chased him with rifles Tuesday to get his scalp. Several shots were fired, and Varbowski fell, shot in the back and right forearm. He was taken to the hospital, where it was said he will die. The boys who did the shooting were held for a hearing before the juvenile court. The police say the boys had lately been attending motion picture shows portraying wild West scenes.

For peeping about the swimming tank of the Young Woman's Christian Association building, at Passiac, N. J., while several prominent young women were enjoying the cool waters, Walter Woodward, of 56 Hamilton Avenue, was sent yesterday to the county jail for 30 days by Acting Police Judge McGuire. The fair swimmers have been bothered by "peeping toms" for the past few evenings. Woodward was caught in a trap set for him. He pleaded with the court that the charge was no worse than looking at women in modern dress, but he was sent up.

How his life was threatened, his person shadowed and his possessions rifled by agents of those interested in defeating a bill reducing the legal rate of interest on loans in the District of Columbia, was related to the House lobby investigating committee by Representative Ben Johnson, of Kentucky, yesterday. Mr. Johnson told the story of how he secured an affidavit in which a retired policeman named Sam Cornwall was quoted as intending to take his life; how he was shadowed some time later by a man whom he assumed to be Cornwall, and how the Congressman drew his revolver and was prepared to kill the shadower should the attack be made.

Plunging from a window on the 6th floor of the Presbyterian Apartments, at Guilford Avenue and Preston St., Baltimore, yesterday morning, J. McComas, thirty-seven years old, a second cousin of the late Senator Louis E. McComas, had his life crushed out on the bricks in the alley below. No one saw him fall, and whether he leaped from the window or fell is to be settled. His friends, however, say that McComas had been in ill health for some time and were inclined to think it was a case of suicide.

A terrific cyclone has devastated the entire Italian lake districts. Many mountain villages have been blown wholly away. The crops are ruined and all the factories have been compelled to close.

Rev. John Erler, the deposed Lutheran minister of the church at Seven Valley, Pa., has filed suit in trespass against the Lutheran synod and the church officials. He will demand \$25,000 damages for illegal action on the part of those officials.

Henry Sternweiss, his wife, and three small children, were burned to death in a fire which early yesterday destroyed their home on a farm fifteen miles northwest of Dubuque, Ia.

Count Panjus, the vice admiral of the Austrian navy, was mortally wounded along with three other men, and three sailors were killed yesterday by the bursting of a gun at the naval depot at Pola, Austria-Hungary.

Vernon L. Whitney, of Iowa, governor of Jolo, had a narrow escape when attacked treacherously by Moros. He received five barbed wounds. He killed both of his assailants, after a dramatic struggle.

Charles Rich, aged 19 years, was found dead, and his 17-year-old sweetheart, Ruth Hamilton, was found mortally wounded yesterday at Youkers, N. Y., with evidence that they had agreed to die together. It was apparent that Rich had shot her and then killed himself.

A deadly charge of dynamite—three whole 10-inch sticks and two halves with a fuse and detonator—was discovered yesterday afternoon near Mayor Gaynor's office windows in the city hall in New York. The bureau of combustibles found that the explosive was 40 per cent dynamite, the regulation blasting proportion, and the amount found would, if exploded, have wrecked the city hall.

EXCITEMENT IN DEPARTMENTS

Navy Yard Arrests First
Move to Abolish Gamb-
ling Procedures.

POLICE CAPTURE SIX.

Crusade Against Bookmaking, Pool-
ing and Other Acts Among Govern-
ment Employees.

Washington, Aug. 22.—The opening step in the crusade which Government officials have begun against gambling, bookmaking, and "pooling" in the Government departments, came with the arrest and arraignment in court today of six employees of Washington navy yard. The men were caught in a sensational and carefully planned raid. That handbook gambling is carried on in all the government departments, is known with the arrest of the navy yard men came the announcement that a ceaseless war against such practice is to be carried on among the Government men until the last gambling, regardless of its nature, is blotted out.

The six men caught at the navy yard are held under \$1,000 bonds for a hearing next Friday.

The detective handling the case asked for this postponement in order that he might have additional time to gather evidence to be used against the men.

Asserting that they can produce from 75 to 100 witnesses to testify to the wholesale gambling on horse races among the employees of the navy yard, the detectives at the Central Office declare this has been going on for years. Enormous profits have been made by a small coterie of machinists who operated handbooks in the east gun carriage shop at the navy yard, and in other Government departments, yet to be named, it is said.

While the police have known for a long time that there is bookmaking on a large scale in practically all of the Government departments, the men at the navy yard are the only ones they have been able to get sufficient evidence against to justify making arrests. During the last year investigations have been made of handbook making in several other departments.

As evidence of the fact that the navy yard machinists who ran the handbooks made enormous profits out of their fellow-employees who placed bets with them, the police point to the fact that one of the accused men had more than \$3,000 in cash on him. It is further charged that this man, Porter P. Paylor, had paid off all of his day's losses except \$13.

More than 200 mechanics at the yard are said to have been regular patrons of the six men arrested in the raid, while it is also charged the handbook men did a large business from persons on the outside.

Those caught in the raid were Porter P. Paylor, machinist, thirty-seven years old; Charles T. Swa, machinist, thirty-two; Robert L. Pitts, machinist, forty-four; Benjamin G. Swan, toolmaker, thirty-seven; John Roberts, toolmaker, forty-four; and Fred Leitchfield, machinist, forty-nine.

BANDITS KILL CASHIER.

Get Away With Satchel Full of
Money in Taxicab.

Hamburg, Aug. 22.—Two automobile bandits yesterday visited the Commercial Savings bank at Wilhelmshurg, a suburb of this city, murdered the cashier and escaped with a satchel full of bank notes and cash.

They drove up to the bank in a taxicab soon after the institution opened for business. On entering the building they leveled revolvers at two young clerks, who scurried for shelter. The cashier, an aged man, screamed for help and fought with the two men until he was felled with a bullet through his head.

The amount of cash which the robbers obtained will not be known until an inventory is taken. The total will reach several thousand dollars.

MAKES ANOTHER FLIGHT.

Wood Rises to an Altitude of 9,000
Feet and Covers 125 Miles.

At an altitude of 9,000 feet, C. Murvin Wood, the Moisant aviator, yesterday sailed around the outskirts of Washington over the Virginia hills and above the rolling country of Maryland for an hour and forty-five minutes, returning to earth at dusk, while preparations were being made by the officers of Fort Myer to light a great beacon fire to guide him to the landing field.

Wood flew down the river, south beyond Fairfax Courthouse, circled College Park, and made excursions far into the country. It is estimated that he covered more than 125 miles.

The flight was begun at 5:25 yesterday afternoon. Wood attained an altitude of 8,000 feet in 45 minutes, and later decided to climb another thousand feet. He remained at the 9,000-foot altitude until 7:06 when he stopped his engines and began his descent. He was several miles northwest of Georgetown when he began his long "slide" for Fort Myer, and darkness was gathering rapidly. He made the tremendous drop in less than four minutes, and landed on the parade ground.

Wood found the temperature at 30 or 40 degrees lower in the upper reaches of the air than on the surface of the earth, and his hands became uncomfortably cold.

PROMISED TO LEAVE THE CITY.

Greek Wanted to Put up at Martha
Washington Lunch Room.

Among the cases before the police court this morning was that of a man from the land of Homer who gave his name as Jim Deminis. He had been arrested by Officer Norris, at the instance of S. Prevolos, who alleged that the Hellenic had ensconced himself in quarters at the Martha Washington Lunch Room and refused to depart. It was also stated that the prisoner had locked himself in a room.

Deminis, it seems, arrived in this city from Washington a few days ago and his temporary wants had been gratuitously furnished at the lunch room, but the proprietor had no intention of allowing the man to become a free boarder.

Deminis was given his choice—he could leave Alexandria or serve a term in jail. He preferred to shake the dust of the city from his shoes.

STORE IMPROVEMENTS.

Building at Corner of King and Royal
Streets to be Remodeled.

Alexandria is shortly to have another modernly equipped store building as work will be started in a few days on the placing of a new front in the building at the corner of King and Royal streets which is at present occupied by A. Katz, the well known shoe dealer and Kaufmann and Blumenfeld, dealers in men's furnishing goods. The building is to be completely remodeled and when completed will be one of the most attractive stores in the city. Four large modern windows will be placed on King street and one on Royal street.

In order to make room for the workmen Mr. Katz announces that he will greatly reduce the prices of his large stock of shoes. Some summer goods are to be sold as low as 50 cents per pair. Persons who appreciate bargains in shoes should watch the Katz advertisements in the Gazette during the next few weeks.

MULHALL AGAIN PLACED ON STAND

Reiterates Statement That
McDermott "Tipped
Him Off."

ALLEGED ACTIVITIES.

Colonel In Improved Physical Con-
dition When Brought Before Com-
mittee Today.

Washington, Aug. 22.—Col. M. M. Mulhall, for several years chief lobbyist for the National Association of Manufacturers, resumed before the House Investigating Committee today the narrative of his many activities about the halls of Congress.

Except for brief testimony yesterday afternoon, the colonel has had a week's rest and was in improved physical condition when he took the stand today.

Colonel Mulhall began his testimony by identifying letters already introduced before the Senate committee and incidentally referred to his relations with Congressman James T. McDermott of Illinois, with whom Mulhall insisted he was on friendly terms.

That McDermott frequently "tipped him off" in advance regarding pro-labor legislation, which the association desired to fight, was a statement again made today by the witness. While Mulhall testified, McDermott's attorney, James Eastly-Smith, took many notes and professes to be able to shatter Mulhall's story on cross-examination.

ALLEGED BOGUS BABY.

S. F. Karns of Richmond, Charges
Wife Practiced Deception.

Detroit, Mich., Aug. 22.—An alleged intrigue, practiced by a wife, aided by the operators of Mercy Hospital, Detroit, now out of business, to regain the lost love of her husband by presenting him with a bogus offspring, is revealed in an action brought through the prosecuting attorney's office by S. F. Karns, of Richmond, Va., in an effort to have the name Margaret Karns, wiped off the birth records of the state.

Karns, armed with affidavits and statements, is gone to the State capital to see the secretary of State. Among these affidavits are two from Mrs. Jennie Sterling and her daughter, who operated Mercy Hospital, in which they say the child was obtained by them for Mrs. Karns, and that they assisted in the scheme to make her the legal mother of it.

Karns, who is employed by the International Harvester Company in Richmond, says he married Isabella Stewart, of Windsor, Ontario, after a short courtship in Richmond, and that he lived with her two weeks. He says she confessed to being the mother of an 11-year-old child, which caused him to leave her. One day nearly a year later while he was in court in Richmond he was surprised to see her walk into the courtroom with a baby which she said was his.

When he denied it she had him arrested on a charge of nonsupport. He says he came to Detroit, gathered affidavits to prove the alleged deception and get a divorce and the dismissal of the nonsupport charge. Now he wants the records so altered as to show he is not the father nor his former wife the mother of the child.

KILLS SELF TO AVOID JAIL.

Farmer, Accused of Threatening
Wife, Slashes Throat.

Pleasantville, N. J., Aug. 22.—Rather than face a charge of threatening to kill his wife, Harry D. Burd, 40 years old, entered his home, and going up stairs slashed his throat with a razor, dying a few minutes later.

Henry McDermott, a local officer, who had a warrant, called the farmer from the field and told him. Burd, after hearing its contents asked if the charge had been preferred by Mrs. Burd, and was informed by McDermott that his daughter made the complaint.

"All right; excuse me a minute and I'll change my clothes and be with you," remarked Burd as he entered the house.

Thinking he had plenty of time to change Mrs. Burd and McDermott, not receiving any response to calls at the stairs, ascended and were horrified to find the man's body lying in the front room in a pool of blood. Physicians were quickly summoned, but the jugular vein was severed and Burd died. Coroner Harvey said no inquest would be necessary.

KNEELED BY DEAD FIVE DAYS.

Thinking Him Asleep Boy Kept Vigil
Until Found by Chance.

Parkeford, Pa., Aug. 22.—With his son kneeling in a five day watch by his side, William De Frain, residing in East Coventry, was found dead on the second floor of his house Wednesday by F.N. Parker, when he stopped there as usual to gather market-ings.

The boy declared his father was merely asleep and would awake soon. Death was due to heart disease.

Whirled on Flywheel, Saved When
They Gave Way.

Harrisburg, Pa., Aug. 22.—Elgin B. Taylor was caught in the fly wheel of an asphalt mixing plant today and whirled repeatedly about the shaft. Finally he caught a beam and his life was saved by his old clothing, which gave way easily and every stitch was torn from Taylor's body. He dropped to the floor unharmed.

CHILD'S CLOSE CALL.

Little Mine Worker Barely Rescued
in Plunge Into Rollers.

Shamokin, Pa., Aug. 22.—With his legs tattooed from the hips to the feet by the teeth, Paul Bobeck, a breaker boy, was saved, as by a miracle, from a horrible death in the rollers yesterday.

Bobeck was passing the crusher as the broken was about to suspend for the dinner hour, when he slipped and was on the point of plunging head-first into the machine, but succeeded in twisting and brought his feet to the fore. In that way he passed into the iron jaws.

Several employees witnessed the thrilling plunge and one, who was near the signal wire, pulled the cord. The engineer, who had his hand on the throttle, quickly brought the engine to a stop.

Bobeck, screaming with pain, was extricated.

IMPALED ON PICKET FENCE.

Boy Misses Footing in Asst to Escape
Imaginary Pursuer.

Philadelphia, Aug. 22.—In his haste to escape an imaginary pursuer, 14-year-old Edward Marthinney, of No. 2929 Rorer street, lost his foothold as he leaped Wednesday from a cherry tree along the Bustleton pike, above Frankford, and was impaled on a picket fence below. One of the sharp iron spikes penetrated a lung. The injured youth was carried to the Frankford Hospital by two companions, who then disappeared.

Physicians at the hospital performed an operation to stop further flow of blood, caused by a hemorrhage where the iron tore Marthinney's lung, and although his condition is critical they declare that he has a good chance to recover.

FATE TO HINGE ON CONFERENCE

Slayer of Stanford White is
Placed Under Double
Guard.

PACES RESTLESSLY.

Reports That Attempts Will be Made
to Free Thaw By Force Scouted by
Attorneys.

Courthouse, Sherbrooke, Que., Aug. 22.—On conference in Ottawa, today will probably hinge the fate of Harry K. Thaw. While the slayer of Stanford White, under double guard, paces restlessly up and down his cell in the jail here, his legal forces are trying to pave the way for a continuation of his flight to freedom.

The extra guard placed about the fugitive from Matteawan, is the result of a report that an attempt would be made to free Thaw by force. Both Thaw attorneys and New York officials scout the idea.

The proposal believed to be pending in Ottawa is that the immigration authorities agree to drop any contemplated action in return for a promise from Thaw that he will leave Canada within a stipulated period.

The Thaw interests have been doing everything possible to create public sentiment in Harry's favor. Newspapers which support the government are printing editorial demands for "fair play" for Thaw, and it is admittedly all part of the new, well organized campaign to prevent summary deportation.

If an agreement can be reached at Ottawa whereby Thaw can go wherever he pleases, so long as he leaves Canada within a stipulated time, the proceedings here will end hurriedly. While under the agreement with Judge Globensky, the argument on the habeas corpus return has been postponed until next Wednesday, it could be taken up at any moment should the court desire to on his return here. The delay was obtained by Thaw's lawyers, because they wanted to keep him in jail and out of the hands of the immigration authorities.

HOLDUP IN THE COUNTY

Insurance Agent Relieved of Money.
Watch, etc., By
Negro

While people were still talking of the robbery by the three negroes footpads of Irving Stout, telegraph operator at Franconia, Wednesday afternoon, and the subsequent attempt of a trio to hold up Charles E. Corgan, an Alexandria attorney, in West End, late the same evening, word reached this city that Stephen H. Feagans, an insurance agent, well-known in this city, had been relieved of over \$20 and his watch and chain near Barcroft, Alexandria county by three negro highwaymen.

Chief Goods of the police force, City Sergeant Cox and Officer Campbell left for the county for the purpose of capturing the highwaymen, and although they several times found themselves upon the tracks of the negro desperadoes, the latter eluded them and boarded a northbound train at St. Elmo.

Conductor Joseph R. Nowland scrutinized the trio as they stepped upon the train and suspecting they were the men the officers were hunting, approached them and upon further investigation saw that one of the negroes had a pistol in his pocket. While collecting the fare from them he asked where they desired to get off. One of the trio replied, "At the first stop you make in Washington."

Two of the negroes presented two dollar bills to the conductor and the other a quarter of a dollar. Upon reaching the highway bridge, the conductor requested James Burke, special constable, who was standing near the train, to come aboard and aid him in arresting the suspects. Conductor Nowland seized one of the negroes and kept another so close to the gate that he was unable to escape. Mr. Burke attempted to take the third man in custody, but he broke away and ran. His pursuer discharged his pistol at him and shot the fugitive in the hand, after which he stopped and surrendered.

The three negroes were placed in the Alexandria county jail. They gave their names as George Morris, and Arthur Johnson, of Baltimore, and William Jones, of Cincinnati.

The robbery of Mr. Feagans was the boldest of the three hold-ups. It was about 3 o'clock yesterday afternoon when Mr. Feagans was at Barcroft, after making his usual insurance collections. He started to drive home when one of the trio jumped out into the road and, grabbing the reins of his horse, pointed a pistol at him, commanding him to throw up his hands.

Mr. Feagans obeyed, while the two companions of the leader went through his pockets securing over \$20 in cash and his watch and chain. They examined his insurance book, and finding nothing of value, threw it in the road and decamped.

Mr. Feagans drove to the nearest telephone and turned in the alarm. In a short time a band of residents set out on horseback in pursuit of the highwaymen and the police of this city were notified.

The prisoners when taken to jail were searched. They had \$20.55 in cash, a pistol, one stickpin, a watch,

be clasp, and a number of .32 calibre shells.

That the three men in custody are the same who held up and robbed Mr. Stout and attempted an hour afterwards to rob Mr. Corgan is the belief of the police. The description of the highwaymen tallies with the men under arrest.

A watch and chain, fountain pen, pencil and pocket knife found upon the negroes were fully identified by Mr. Feagans as his property.

The accused were brought before Justice Finney this morning and the investigation was postponed until tomorrow morning at 10 o'clock.

The other occupants escaped injury, although badly shaken up. The machine was slightly damaged.

Management of Free Kindergarten Unable to Find Rooms.

The Alexandria Kindergarten is still without a home, and the board regrets not being able to find a room suitable for the school.

The managers of the Children's Home, learning our condition, most kindly offered rooms in their building, but unfortunately, it was found they would not be large enough.

The situation is indeed serious, and unless some place can be secured very soon, the board fears they may be compelled to suspend the work of the kindergarten, at least, for the present.

Men's "Rockinchair" Union Suits

\$2.00 GRADE AT\$1.55
\$1.50 GRADE AT\$1.00

Bodily comfort begins with Under wear, because comfort has to be built from the inside out, and is impossible of attainment if the under garments fit imperfectly or the principle of construction is wrong. Rockinchair Union Suits are comfortable to every man—made in all dimensions, for the specific purpose of fitting men perfectly.

A sale of such underwear as this is much more attractive than the price alone is capable of making it.

Garments in this sale are constructed of striped and checked madras and nainsook and striped crepe. The closed crotch is like a pair of trousers, with a natural blouse above the waist eliminating the use of elastic across the back.

Rockinchair Union Suits Rock to every position of the body without strain on cloth or buttons. The side leg opening makes it impossible to sit on the buttons—another notable feature of this comfort.

\$1.50 the Garment for regular \$2.00 Grade. \$1 the garment for regular \$1.50 grade.

NEWS OF THE OLD DOMINION.

WARRENTON HORSE SHOW.

One of the Most Successful Equine Exhibitions.

Warrenton, Va., Aug. 22.—A tired but contented throng of horse lovers was last night homeward bound in crowded railway coaches and in the variety of vehicles trailing in a seemingly interminable procession along the roads radiating from Warrenton. When the numbers of the winners were posted by the judges in the last event and the fifteenth annual Warrenton Horse Show ended, on every hand was heard the comment that the show deserved to rank among the most successful of a notable series of shows.

The closing day found a record-breaking crowd of more than 7,000 filling the grand stand and grounds to overflowing. The fine weather continued. In general interest and quality of performance, the closing day was ahead of the opening day.

There were no falls such as occurred on the previous day to keep the spectators on edge by their frequent appearance.

Virginia horses preponderated in the entries and made practically a clean sweep of the events. The entries of Dr. V. T. Churchman, of Charlottesville, W. Va., were the most successful of the outside entries.

The crowning feature of the show was the hunt team class, participated in by teams representing the Warrenton, Piedmont, Castle Hill, and Keswick hunt clubs. Appointments, conformation, and quality counted 60 per cent in this event, and as a result the teams, both riders and mounts, presented a brilliant and almost faultless appearance.

SEVERE SENTENCE.

Soldiers Jailed For Six Months and Fined \$500.

Hampton, Va., Aug. 22.—Corporal Louis H. Randall and Private Jerry P. Bailey, members of the Sixty-ninth company at Fort Monroe, were each sent to jail for six months and fined \$500 in the Phoebus police court Wednesday for interfering with police officers in the discharge of their duties. The soldiers were charged with taking a prisoner away from Officers Engelbert and Jenkins on Monday night. It was charged that about twenty-five artillerymen surrounded the officers as they were arresting another artilleryman for disorderly conduct at the corner of Surry and Mellen streets Monday night. According to the officers the two artillerymen got the "billie" from them and then held the officers up until the man under arrest could make good his escape. Finally all of the artillerymen ran away, but the officers learned the names of Corporal Randall and Private Bailey, the men who had been the direct cause of the escape.

Mayor Furness said he was determined to protect his officers and therefore imposed a jail sentence of six months and the fine of \$500.

An appeal was noted to the circuit court.

FOUR KILLED IN WRECK.

Ballast Cars Collide With Freight on S. A. L. Railway.

Petersburg, Va., Aug. 22.—A wreck occurred yesterday on the Seaboard Air Line Railway, near Dinwiddie Station, 20 miles from Petersburg, and four train hands were killed and several others injured.

The dead are Adam Bracy, George Hendridge, Munroe Finnon and Henry Jackson. The wreck was caused by a ballast train colliding with a south-bound freight train.

The track was torn up for considerable distance and traffic was badly interrupted.

Dies From Fall.

Winchester, Va., Aug. 22.—Sickened by the heat of Sunday afternoon while riding a motorcycle along the Shenandoah Valley pike, near Middletown, Samuel Roger, 17-year old son of Baltimore and Ohio railroad agent Edward E. Rogers, fell to the ground, sustaining internal injuries from which he died Monday.

Creamery for Fredericksburg.

Fredericksburg, Va., Aug. 22.—An all-day agricultural meeting was held Wednesday at Chancellor High School in Spotsylvania county, six miles from Fredericksburg. About 400 farmers and their families were present and dinner was served at midday under the trees.

The object of the meeting was to arouse interest in the movement for establishing a creamery at Fredericksburg.

A canvass of the gathering was made and 240 cows were pledged from a comparatively small territory, and it is believed that 500 to 600 cows can be obtained, which will be ample to state the enterprise.

Bryan to Speak at Leesburg.

Washington, Aug. 22.—Secretary of State, William Jennings Bryan, has accepted an invitation to make a speech at the annual exhibition of the Loudoun Heavy Draft and Agricultural Association, to be held at Leesburg September 3 and 4. The agricultural and farm-animals exhibition is one of the big events in the Piedmont section of Virginia. Mr. Bryan will probably make his speech on Thursday. Congressman C. C. Carlin, of the Eighth District, will escort him to Leesburg.

Three Boys Held For Murder.

Luray, Va., Aug. 22.—Thomas, Emanuel and Leo Alger, were given a hearing yesterday on the charge of cutting to death Oswald Gray, in the county on August 8. The testimony is very conflicting. The first witnesses were Misses Lily Berry and Lula Sisk, mountain girls, who were alleged to have held Raymond Gray on the ground when he attempted to go to the assistance of Oswald Gray while he was receiving his mortal wounds at the hands of the Alger boys. Strong efforts were made to prove an alibi for Leo Alger, the younger of the brothers, but Magistrate Hammer and Cove sent the prisoners on to the grand jury.

Death of Col. Harrison.

Harrisonburg, Va., Aug. 22.—Colonel Ruben W. Harrison, 87 years old, died Wednesday near Melrose, Rockingham county. He leaves eight children. A lifelong resident of the county, he had been farmer, merchant and undertaker, and at one time was a justice of the peace. He was a Confederate veteran, having served as captain of Company B, First Virginia Infantry.

MURDER IN FIRST DEGREE.

Marion Lee Slayer of Delaware Brown, Found Guilty by Jury.

Williamsburg, Va., Aug. 22.—The jurors in the case of the Commonwealth against Marion Lee, charged with the murder of Delaware Brown, brought in a verdict of murder in the first degree at 4 o'clock yesterday afternoon, having considered the case for several hours and reporting to the court several times that they could not agree. Such a report was made to the court at 4 o'clock, but Judge Tyler urged them to arrive at a verdict, and sent them back with the above result. Lee has not been sentenced. The verdict meets with general approval by all who heard the evidence.

Lee killed Brown, another negro, in a quarrel over a game of craps at Toano last month. He made his escape but was captured by the Richmond police last Monday and brought to Williamsburg on Tuesday.

Other battleships will arrive during the rest of the week.

BON AIR SCHOOL.

State Board of Charities Makes Report to Governor.

Richmond, Va., Aug. 22.—The report of the State Board of Charities on the condition of the Virginia Home and Industrial School for Girls, at Bon Air, was presented to Governor Mann Wednesday afternoon by Rev. S. C. Hatcher, president of the board.

Two criticisms of the management of the institution were made, together with a number of recommendations. The members of the board were unanimous in condemning the practice of placing a negro overseer in charge of the girls engaged in field work, although the statement was made there was no criticism of the character of Beverly Banks, who had been a faithful and efficient servant.

The board also condemned the slipshod manner in which the books and accounts of the home had been kept up to a recent date.

Lynchburg, Va., Aug. 22.—Charles E. Vest, aged 19, son of M. and Mrs. W. L. Vest, who reside at 205 Payne street this city, was drowned Tuesday morning about 11 o'clock while engaged in repairing a dam in the James river at Holcombe Rock. It is understood that the unfortunate young man was employed by the Aluminum Works and was on a flat boat with about twelve other men engaged in repairing a break in the dam, when in some unaccountable way the boat capsized throwing the men into the swift water. Several of those on board the boat, one of them being young Vest, could not swim, but all were rescued except the young Lynchburger, who sank before assistance could reach him.

Lieutenant Governor Elyson spent
\$2,229 in his campaign to secure his
nomination, and he got it by a major-
ity greater than the combined vote
cast for both of his opponents. Over
half of the amount was spent for
postage.

There are several people in New
York besides his wife, who fear death
at Thaw's bar is should the efforts to
secure his return to asylum for the
insane fail. Former District Attorney
Jerome and others who mercilessly
prosecuted him and prevented his
release from the asylum are among
the number.

A ten-hour day is proposed for work
horses in Kansas City. That is cer-
tainly a long enough day for one
of the most patient and willing of an-
imals. And it speaks well for the hu-
mane trend of thought in a busy west-
ern city.

WOMEN WITH TAMBORES.

During the last of the week Alex-
andria has for years been visited by
representatives of certain religious
organizations—mostly women—car-
rying tamborines and soliciting
funds. These parties enter stores,
present their jingling instruments and
make earnest solicitations for money.
In many cases, as the collectors are
females, they receive small change
from those they accost.

While the outlay in meeting such
appeals is insignificant, the question is
often asked: "Is it in keeping with
femininity for young women to accost
strange men here and there, even if
their labors are in the interest of
Christianity?" Many are convinced
that such procedures are calculated
to make them cheap as well as the
faith they pretend to hold.

It has been estimated by some per-
sons that approximately \$60,000 are
spent annually in keeping up the re-
ligious institutions of a place the size
of Alexandria, and should all the ap-
peals in the interest of the many en-
terprises be met, the sum would be

swelled considerably.
Should the people of the city be
further taxed by itinerants who are
unknown in the city?
It has been charged by people who
prefer to ignore all spiritual claims
that the church of the present day is
an organization of fashionable beg-
gars. With such a criticism—whether
just or unjust—nomads are uncon-
sciously aiding in strengthening this
conclusion, especially among the
thoughtless.

CITY REVENUES TO BE INCREASED.

Alexandria city will receive an in-
crease in revenue of nearly \$3,000 this
year as a result of the increase in the
amount of intangible property sub-
ject to city taxation which has been
returned by the residents of this city.
The returns are made to the state for
taxation purposes and the city fol-
lows the state in the assessment with
the exception of Alexandria city
bonds. The figures as published in
yesterday's Gazette were taken from
the annual report of Charles H. Cal-
lahan, commissioner of revenue, to C.
Lee Moore, state auditor.

According to report tangible prop-
erty in this city is given as \$258,477
and the intangible \$1,879,960, and
incomes amount to \$139,483.

Tangible property consists of wag-
ons, horses, vehicles, and live stock.
This class of property, therefore,
shows a slight decrease over last year,
being \$654 less, as the amount given
for 1912 was \$259,131. The intangi-
ble property, consisting of stocks,
bonds, notes, etc., shows a very de-
cided increase over last year, the in-
crease being \$228,465. Total intangi-
ble property is given as \$1,879,960,
against \$1,651,495.

There is also a decided increase in
the incomes over last year. The total
incomes are given as \$139,483, against
\$85,950 last year, or an increase of
\$53,533. Those whose incomes are
taxed by the state are persons whose
incomes are in excess of \$2,000 a
year.

DRAGGED WOMAN FROM BED.

Mrs. J. Scott in the Hands of a Des-
perate Negro.

Lexington, Va., Aug. 22.—A dar-
ing outrage was attempted in Lexing-
ton yesterday morning shortly after
3 o'clock, when a negro entered the
home on Washington and Lee campus,
of Mrs. Archibald C. Lee, stole to the
second floor, extinguished the light
and dragged from her bed Mrs. J.
Scott Moore, carried her downstairs
and put her through a window to the
ground, but escaped before the ap-
proach of neighbors, summoned by
the shrieks of Mrs. Moore and Mrs.
Julia Tucker, mother of Col. N. B.
Tucker, of the Virginia Military In-
stitute faculty, who occupied an ad-
joining room.

Mrs. Moore was roughly handled,
and her face and arms are consider-
ably bruised from her efforts to free
herself. Several negroes have been
arrested. Efforts were made to get
bloodhounds from Roanoke and the
State Farm, near Richmond, but none
were available.

Minister Seeks Prison in Hawthorne's Place.

Boston, Mass., Aug. 22.—The Rev.

ber of the class of 1867 of Harvard
College and an evangelistic clergy-
man, has written his classmates Ju-
lian Hawthorne and William James
Morton, in the Federal prison at At-
lanta, offering to serve the remain-
der of their sentences, and states to
do so would give him "the utmost
pleasure."

Plays Picket Solo With a Dynamite Stick.

Lynn, Mass., Aug. 25.—Patrolman
Bunce ordered 9-year-old Clarence
Cassidy to hand over a short stick
wrapped in green paper which he had
been dragging across the palling in a
fence to make a noise. When the of-
ficer received the stick his nerves re-
ceived a shock. The "stick" was dy-
namite.
The Cassidy boy then offered to find
another stick. The patrolman was led
to a house where another boy was
tossing the dynamite against the ceil-
ing and letting it hit the door. The
patrolman gingerly seized the second
stick.

VIRGINIA LAWYER SUE.

Paternity of Child Involved in Action
Against J. B. Henderson.

New York, Aug. 22.—A Bar Harbor, Me., dispatch to the New York World says:

After two years of delays and adjournments the action of Lena Garmon against John Brooks Henderson is set for trial at the coming session of court, which will begin on the second Tuesday of October. The paternity of a child is involved in the suit.

Mr. Henderson, the defendant, is the son of the late John B. Henderson once United States senator from Missouri. He is 43, a lawyer, with his office at Washington and his home at Ballston, Va.

Lena Garmon alleges that Mr. Henderson became friendly with her when she was a domestic at the Bar Harbor summer home of the Hendersons. She asks \$10,000 from the defendant. The suit was set for trial last April, but was postponed on account of the fatal illness of the elder Henderson.

NEWS OF THE DAY.

Lightning killed four persons and probably fatally injured another near Ozark, Ark., yesterday during an electrical storm of ten minutes' duration. Russell Snow and his sister in law, Mrs. Bert Moore, met death while at work in a hay field; Frank Kesinger was struck and killed while in his wagon, and Sid and Charles Harmon were knocked from the roof of a barn they were repairing. Sid Harmon was instantly killed, while Charles Harmon, likely will die of injuries.

Revolver shots were fired by bandits yesterday at King Charles and Queen Elizabeth (Carmen Sylva) Roumanian, as they were riding in an automobile near Sinaia, a fashionable health resort in Roumania, in the Carpathian Mountains. Neither of their majesties was injured. As soon as the bandits began firing the chauffeur sped up his machine and succeeded in carrying the king and queen to safety.

Mrs. Isabella Rea, of Brooklyn, last night claimed the body of Edith A. Rea, 18 years old, the fashionably dressed young woman who was found with a bullet in her brain in a leading beach-front hotel at Atlantic City on Tuesday morning. It is believed the girl committed suicide. The identity of "Miss Elizabeth Burns, of Philadelphia," who committed suicide yesterday at another beach-front hotel, has not been learned.

Edward Morton, an inmate of the State reformatory at Jeffersonville, Ind., stabbed and killed Charles Bartle, another inmate, late yesterday. Morton said he bore Bartle no ill-will, and that he stabbed him so that he could be sent to the Indiana State prison at Michigan City, where the prisoners are given tobacco. "As I have not long to live, could you not let me have some tobacco?" Morton asked Supt. B. C. Peyton, when told that Bartle was dead. Both men had been sentenced to the reformatory on petit larceny charges, and were employed in the shoe shop. Morton used a shoe knife and drove it into Bartle's back as they came out of the barber shop.

Awakening from a trance, Mrs. Mary Everhart, an aged woman, of Sharon, Pa., yesterday found her children gathered around her bedside, and an undertaker arranging her body preparatory to beginning the embalming process. Mrs. Everhart was stricken with heart disease Wednesday, and physicians could detect no signs of life. Every known test was applied. It was finally decided by the family that Mrs. Everhart was dead and an undertaker, an old friend of the family, was sent for. When the undertaker arrived he carefully examined the body of Mrs. Everhart, and while no signs of life could be detected he called on the family to consult with them. It was at this juncture the woman arose up in bed and, seeing her children crying and the

undertaker beside her asked "what, it is all about." One of the children informed her that they had believed her dead and had sent for the undertaker. In hearing this, Mrs. Everhart faintly, and is now in a critical condition from the shock.

Robber Under Bed.
A would-be robber, stark naked, wearing not even shoes, was found Monday night under a bed in the home of the Misses Hazelwood, who live alone on the largest place in the western suburbs of Hagerstown, Md. For some time the Misses Hazelwood have been missing things from the house, and twice recently their home has been forced open by robbers. One of the sisters before retiring Monday night looked under the bed and found a man lying there. Miss Hazelwood ran screaming from the room and the man ran down stairs and jumped out of a window. He escaped into a cornfield, where he is thought to have hidden his clothes. The cries of the women brought several railroad men to the scene. They chased the naked man through the cornfield but he escaped.

Frank Falk, a real estate man of Indianapolis, Ind., was murdered Wednesday morning on the temporary railroad bridge over White River at Washington Avenue. His assailant escaped.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriola, Pa., that is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. It is one of the most successful preparations that has been discovered. Thousands have testified to its value. For sale by all dealers.
